

Candidate for 3rd Vice President of the International Lions Club Association - Montreal 2021 Convention

NEWSLETTER n° 02 – April 14, 2021

Dear LIONS AND LEO family:

The Virtual Convention 2021 in Montreal is approaching. Today I am responsible for nominating the largest Multiple District in Area 3, the MDLD, since 2011, as a candidate for Third Vice President of LCI.

My candidacy was born naturally, as a consequence of my work as a volunteer, of my participation as a leader in various entities. My candidacy was born out of the enthusiasm and love for LIONS and the support and encouragement of our association members, officers and leaders.

- I have lived the LIONS philosophy since I was a child and I have a life of more than 30 years dedicated to the fight for the rights of people with disabilities and the prevention of cancer, all in the name of LIONS.
- I would like to add my 25-year experience as a leader of these non-governmental organizations at the service of LIONS towards our goals.
- I would like to put my total dedication in this project, and I can, because I have my life stabilized, I have the support and strength of my family and friends.
- I would like to motivate more and more young people to embrace the noble mission of serving, as LEOS or as LIONS, bringing a new spirit to our movement because we need the renewal of new ideas and skills, new talents in serving.
- I want to put my sensitivity and experience to further motivate the entry of women in LIONS, today the fastest growing segment and that gives support to our Association
- As our leaders, I want to be an instrument of unity, motivation and growth in Lionism.
- As a Progressive MJF, I believe that the future of lionism also passes through our Foundation and we have led several successful campaigns for LCIF.

I am a hopeful candidate because I follow a DREAM, which is not only mine, motivated because I count on your energy, more and more convinced of the importance of our work to improve the way we live.

Dear LIONS and LEO family: DO NOT MISS THE OPPORTUNITY TO FIGHT FOR A GREAT AND REPRESENTATIVE LIONS IN YOUR COMMUNITY.

I would very much like to count on you, with your support and your vote on this journey. LET'S GO TOGETHER!

A hug to you. Forever Friends.
